Have you registered for a MiCores account yet?
Sign up today to continue using the Biomedical Research Store.

IF these actions are not completed, you and your members will not be able to continue to use the Biomedical Research Store.

1. Register for an Account.
Using your Uniqname and Level-1 password, create an account at: umich.corefacilities.org. (Please note: use your @umich.edu not @med.umich.edu email address, please.)
Follow the prompts to complete your registration.

2. All users must affiliate themselves with a Principal Investigator and/or lab.

After you register, you will request a lab affiliation by selecting a PI's name from the drop-down menu provided and submit the request. This needs to be approved by a lab manager or PI.

Once your PI and/or Lab Manager has approved the request and provided you with a shortcode, you will be able to continue placing orders with the Store.
